

February 4, 2018

Dear Mr. Adam Redecki,
ISBA Chairman
And ISBA Board and Community,

The news that Anita Köhler passed away is very unfortunate and made me feel deep sadness.

I remember that working with her for many seminars also practice Budo with her. I feel these things happened just like yesterday.

The achievements she made were creditable and her work contributed the society. I believe that her last work that is establishment "Himorogi Budojo" is the dream that ISBA has been aiming for.

I hereby would like to ask all of the ISBA members to carry on her spirit and each one of you keep her will in your heart when you do your work which is for the people and the society.

This is what we could do for her in return for what she gave us.

I and Shiseikan monjins, instructors pray her soul may rest in peace.

Takashi Araya
Director of Meijijingu Budojo Shiseikan
